Summary:
This article are easy to understand. So no need extra explaination.

New vocabulary:

Tailored
The word "tailored" is often used to describe something that has been specifically customized, adjusted, or designed to suit a particular purpose, individual, or situation. It originates from tailoring clothes to fit someone perfectly but is now used in a broader sense.

Example
This dress is tailored to fit me exactly
Our services are tailored for small businesses
We offer tailored solutions for each customer.
The event was tailored to create a memorable experience for the guests

Clarity
The word "clarity" refers to the quality of being clear, easily understood, or free from confusion. It can be used in various contexts to describe clear thinking, communication, vision, or appearance.

Example
To improve clarity, he rephrased the sentence.
She spoke with clarity, ensuring everyone understood her argument.
The artist's work lacks clarity in conveying its message.

Cryptic
The word "cryptic" is used to describe something that is mysterious, puzzling, or difficult to understand. It often implies that the meaning is intentionally hidden or unclear, requiring interpretation or deeper thought.

Example
His response was cryptic, leaving us unsure of his intentions.
He gave a cryptic smile and walked away without saying a word.
The book's cryptic ending left readers debating its true meaning.
